DETAILED ACTION

Examiner acknowledges receipt of amendment after final. The amendment is entered.

1. The finality of the rejection of the last Office action is withdrawn in light of the 35 USC 112 issues pending in the claim. A telephone call was placed on 08/03/04 to applicants' representative to resolve the pending 112 issues no response has been received.

Claim Rejections - 35 USC § 112

2. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter, which the applicant regards as his invention.

3. Claim 9 is rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

It is unclear whether hydrophobic group in part (2) of claim 9 is to be covalently or noncovalently attached to the water-soluble polymer. In addition, it is unclear whether said hydrophobic group in part (2) of claim 9 is a limitation of the water-soluble polymer or not, because of the future tense. It is unclear whether the hydrophobic group being used to modify the water-soluble polymer is the same as the hydrophobic group in part (3) of the claim or whether it is a different hydrophobic group. It is unclear where the hydrophobic group in parts (2) and (3) is. Is the hydrophobic group part of a polymer or a drug?
